**Re: Notice of *Ex Parte* Communication of Gogo LLC and LiveTV, LLC  
WT Docket No. 12-155; ULS File No. 0005185165**

Dear Ms. Dortch:

On November 29, representatives of Gogo LLC ("Gogo") and LiveTV, LLC ("LiveTV") met with staff from the Wireless Telecommunications Bureau ("WTB") to discuss the above referenced application and associated waiver request regarding the assignment of LiveTV's 1 MHz air-to-ground ("ATG") license to Gogo. Gogo was represented by Bill Gordon, Vice President, Regulatory Affairs, as well as Michele Farquhar and David Martin of Hogan Lovells US LLP. Christy Burrow of Dow Lohnes PLLC attended as counsel to LiveTV. The WTB was represented by Paul Murray, Brian Regan, Roger Noel, Kathy Harris and Amanda Krohn.

At the meeting, the parties discussed the attached presentation, which explains the need to close the transaction promptly. Given the high demand for its service, Gogo needs to make decisions quickly regarding its next technology/spectrum acquisition move to address future capacity constraints. If it is able to acquire the LiveTV license, for example, Gogo may combine that spectrum with its existing ATG license to create a combined 4 MHz communications path in the plane-to-ground direction, and seek other spectrum for the ground-to-plane direction. A prompt decision on the transaction is also needed to provide adequate time to migrate LiveTV's general aviation customers to Gogo's network before support for the legacy MagnaStar® radio equipment is discontinued.

The attached materials also include updated examples of current satellite-based competition in the air-ground communications market. In addition, Gogo explained at the meeting that sufficient precedent exists for the WTB or the Mobility Division to grant the requested waiver on delegated authority.

Pursuant to Section 1.1206(b) of the Commission's rules, I am filing this notice electronically in the above-referenced dockets. Please contact me directly with any questions.

Respectfully submitted,
